1. **Communication.** Regular and meaningful contact throughout the year with the Board, committee chairpersons, members of senior management and independent professional advisors to the Board and its various committees, as applicable, is viewed as important for strengthening the Committee's knowledge of relevant current and prospective corporate governance issues.

The operation of the Committee will be subject to the provisions of the Bylaws of the Company and the Delaware General Corporation Law, each as in effect from time to time. The Committee will have the full power and authority to carry out the following primary responsibilities or to delegate such power and authority to one or more subcommittees of the Committee:

- 1. *Director Nominations.*** The Committee shall have the responsibility of identifying, reviewing and evaluating candidates to serve on the Board, including consideration of any potential conflicts of interest as well as applicable independence and experience requirements. The Committee shall have primary responsibility for determining the minimum qualifications for service on the Board and the right to modify the qualifications from time to time. The Committee shall also have the primary responsibility for reviewing, evaluating and considering the recommendation for nomination of incumbent directors for reelection to the Board, as well as monitoring the size of the Board. The Committee shall also select, or recommend to the Board for selection, candidates to the Board or, following the Public Effective Date, to serve as nominees for director for the annual meeting of stockholders. The Board believes it is important to develop a diverse and experienced board of directors. In the context of the existing composition and needs of the Board and its committees, the Committee shall consider various factors, including, but not limited to, independence, age, diversity (including race, ethnicity, gender, age, education and cultural background), integrity, skills, financial and other expertise, breadth of experience and knowledge about the Company's business or industry.
- 2. *Board and Director Assessment.*** Following the Public Effective Date, the Committee shall periodically review, discuss and assess the performance of the Board, including Board committees, seeking input from senior management, the full Board and others. The assessment shall include evaluation of the Board's contribution as a whole and effectiveness in serving the best interests of the Company and its stockholders, specific areas in which the Board and/or management believe contributions could be improved, and overall Board composition and makeup, including the reelection of current Board members. The factors to be considered shall include whether the directors, both individually and collectively, can and do provide the integrity, experience, judgment, commitment (including having sufficient time to devote to the Company and level of participation), skills, diversity and expertise appropriate for the Company. In assessing the directors, both individually and collectively, the Committee may consider the current needs of the Board and the Company to maintain a balance of knowledge, experience and capability in various areas. The Committee shall also consider and assess the

independence of directors, including whether a majority of the Board continue to be independent from management in both fact and appearance, as well as within the meaning prescribed by any stock exchange on which any of the Company's capital stock is then listed. The Committee shall also consider the number of other professional obligations of the directors, including, specifically, the number of other boards of directors on which each director serves, in order to assess whether the directors have the time and availability to appropriately contribute to the Board and fulfill their duties to the Company. The results of these reviews shall be provided to the Board for further discussion as appropriate.

3. ***Board Committee Nominations.*** Following the Public Effective Date, the Committee, after due consideration of the interests, independence and experience of the individual directors and the independence and experience requirements of any stock exchange on which any of the Company's capital stock is then listed, the rules and regulations of the SEC and applicable law, shall evaluate the performance of the members of the committees of the Board, review the composition of such committees and recommend to the entire Board annually the chairperson and membership of each such committee.
4. ***Board Meeting Procedures.*** The Committee shall assist the Board chair or lead director in developing effective Board meeting practices and procedures.
5. ***Continuing Education.*** The Committee shall consider the need and, if necessary, develop and institute a plan or program for the continuing education of directors.
6. ***Corporate Governance Principles.*** The Committee shall develop, if and when appropriate, a set of corporate governance principles to be applicable to the Company, shall periodically review and assess these principles and their application, and shall recommend any changes deemed appropriate to the Board for its consideration.
7. ***Procedures for Information Dissemination.*** The Committee shall oversee and review the processes and procedures used by the Company to provide information to the Board and its committees. The Committee should consider, among other factors, the reporting channels through which the Board and its committees receive information and the level of access to outside advisors where necessary or appropriate, as well as the procedures for providing accurate, relevant and appropriately detailed information to the Board and its committees on a timely basis.
8. ***Non-Employee Director Compensation.*** If requested by the Compensation Committee of the Board or the Board, the Committee shall assist the Compensation Committee of the Board or the Board in determining the compensation paid to non-employee directors for their service on the Board and its committees and recommend any changes considered appropriate to the full Board for its approval.
9. ***Management Succession.*** The Committee shall periodically review with the Chief Executive Officer of the Company the plans for succession to the offices of the Company's Chief Executive Officer and other key executive officers and make

recommendations to the Board with respect to the selection of appropriate individuals to succeed to these positions.

- 10. *Certificate of Incorporation, Bylaws, and Committee Charters.*** The Committee shall review and assess the adequacy of the Company’s Certificate of Incorporation and Bylaws and the charters of any committee of the Board (the “***Governing Documents***”) periodically in order to ensure compliance with any principles of corporate governance developed by the Committee and recommend to the Board for its consideration any necessary modifications to the Governing Documents, provided, however, that such recommendation shall not be necessary in order for the Board to make any modifications to the Governing Documents.
- 11. *Annual Evaluation and Charter Review.*** Following the Public Effective Date, the Committee shall review, discuss and assess its own performance at least annually. The Committee shall also review and assess the adequacy of this charter at least annually and shall recommend any proposed changes to the Board for its consideration and approval.
